## **COMMENTS INVITED ON APPLICATION OF TW TELECOM OF TEXAS LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 11-89**  
**Comp. Pol. File No. 989**

**Comments Due: June 6, 2011**

### **Section 214 Application** **Applicant: tw telecom of texas llc**

On **May 6, 2011**, **tw telecom of texas llc** (TW Telecom or Applicant), located at **10475 Park Meadows Drive, Littleton, CO 80124**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Texas.

TW Telecom states that it is a wholly-owned direct subsidiary of tw telecom holdings inc. and a wholly-owned indirect subsidiary of tw telecom inc. TW Telecom indicates that it currently offers Complete Dynamic ATM service to customers in the Dallas/Fort Worth, Texas metropolitan area (Service Area). TW Telecom explains that Complete Dynamic ATM service is a flexible bandwidth bundled service consisting of local exchange service with selected features, a long distance and/or toll free usage allowance of 2,500 minutes, shared web hosting, and Internet access. TW Telecom further explains that it will no longer be able to provide or support Complete Dynamic ATM service in the Service Area due to technology changes and its need to update network equipment across all regions. TW Telecom states that it, therefore, plans to discontinue this service on or after June 20, 2011, subject to Commission approval of this application.<sup>1</sup> In its letter to customers, TW Telecom specifies that as of June 20, 2011, customers will no longer be able to make any moves, additions or changes to their service, or renew any applicable contract for service. TW Telecom also states that customers will receive a courtesy notice at a later date to inform them of the specific date on which TW Telecom plans to terminate their existing service. TW Telecom maintains that the public convenience and necessity will not be impaired by the proposed discontinuance because there are reasonable substitute services which are readily available in the Service Area including, but not limited to, services currently offered by TW Telecom. For example, TW Telecom states that its Converged Services allow customers to fully integrate Voice (analog lines, PRI, digital trunks) with data (VPN) and/or Internet and Security services on a single connection. TW Telecom asserts that, on May 6, 2011, it mailed notice of the proposed discontinuance to affected customers in

<sup>1</sup> TW Telecom indicates that it also has filed an application with the International Bureau with respect to the international service aspects of its Complete Dynamic ATM service. The discontinuance of international service is governed by 47 C.F.R. § 63.19.

compliance with section 63.71 of the Commission's rules. TW Telecom states that it is considered non-dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, TW Telecom's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies TW Telecom that the grant will not be automatically effective. In its application and notice to customers, TW Telecom indicates that it plans to discontinue Complete Dynamic ATM service in the Service Area on or after June 20, 2011, subject to Commission approval of this application. Accordingly, pursuant to section 63.71(c) and the terms of TW Telecom's application and notice, absent further Commission action, TW Telecom may terminate Complete Dynamic ATM service in the Service Area on or after **June 20, 2011**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 6, 2011**. Such comments should refer to **WC Docket No. 11-89 and Comp. Pol. File No. 989**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/cgb/ecfs/>. Filers should follow the instructions provided on the Web site for submitting comments. Generally, only one copy of an electronic submission must be filed.
